Musician-Teacher Collaborations

Altering the Chord

Edited by **Catharina Christophersen**, Bergen University College, Norway and **Ailbhe Kenny**, Mary Immaculate College, Ireland

Musician-Teacher Collaborations: Altering the Chord explores the dynamics between musicians and teachers within educational settings, illustrating how new musical worlds are discovered and accessed through music-in-education initiatives. An international array of scholars from ten countries present leading debates and issues—both theoretical and empirical—in order to identify and expand upon key questions. When musicians and teachers collaborate, one is in the space of the other and vice versa. *Musician-Teacher Collaborations* analyzes the complex ways in which these spaces are inevitably altered.
